# Music for Little Mozarts

By **Christine H. Barden, Gayle Kowalchyk, and E. L. Lancaster**

**A course designed for preschool-age students that provides a comprehensive approach to musical learning, using the piano.**

## Music Lesson Books

The *Music Lesson Books* are the core of the course. Students are introduced to new musical concepts and the performance of pieces at the piano. The story of *Beethoven Bear and Mozart Mouse™* sets the stage for music study. Other characters throughout the books introduce students to major composers from the four main musical style periods.

New concepts are introduced and carefully reinforced throughout the books. Each page contains a fragment of the story as background for each new concept or new piece of music, as well as practice instructions to read to the student.

The music was written to develop finger dexterity in young children and includes clever lyrics that will appeal to the student's imagination.

# Music Recital Books

The first section of each *Music Recital Book* forms a ready-made recital when a narrator reads a new story about Beethoven Bear, Mozart Mouse™, and their music friends, while students perform the pieces in the appropriate places. The second section of the book includes challenge pieces based on folk tunes. These pieces require students to listen carefully and enter correctly as the teacher or a parent plays the duet part.

**My parents are from Russia. "Aida Dugan." "A waltz for my little bear. They both made music and now they are working with me on my piano. However, they always disagree of course. Today is easy. When I know a little girl, their discussion too!"**

**Far Away**  
(Theme from *Swan Lake* symphony)

Student plays one octave higher with short pgs.

Teacher:   
Parent:

Play for me! Far away and cross about every...  
 Play the notes and cross about every...  
 Use the finger numbers about while playing them in the air...  
 Play and say the finger numbers...  
 Play and say the note names...  
 Play and sing the words.

**Beethoven Bear and Mozart Mouse were so excited about finding the Magic of Music Book that they could hardly close their eyes the night as they slept!**

"Oh, I do hope that the book is still here tomorrow," whispered Beethoven Bear to his friend as they lay snugly under their down beds.

"No, no!" agreed Mozart Mouse. "Let's go to the Music Room right after breakfast."

"That's a great idea!" said Beethoven Bear as he stood up to jump. "Remember about music and the piano is really fun, isn't it?" he asked cheerily.

"Yes, indeed, my friend," responded Mozart Mouse cheerily. "We were beginning to feel very fat because that's what I like to do. We were already several sleepers, thinking about the wonderful books they had discovered that day."

**Our New Book**

Teacher:   
Parent:

Play with those two on one octave...  
 Play Beethoven Bear on a black key...  
 Play for me! Use the finger book and count about every...  
 Play on the other notes down...  
 Beethoven Bear counts about every...  
 Use the finger numbers about while playing them in the air...  
 Play one key at a time and say the finger numbers...  
 Play and say the words.
