Sing at First Sight

Foundations in Choral Sight-Singing

By Andy Beck, Karen Farnum Surmani, and Brian Lewis

A sequential sight-singing curriculum for all choirs. Each of the six units (containing four lessons each) clearly introduces new music reading concepts, reinforces those concepts with several rhythm and pitch exercises, motivates students with helpful hints and challenge exercises, and concludes with fun-filled review games and “Evaluating Your Performance” questions. The helpful “Getting Ready” pages (which precede each unit) are filled with music fundamentals, and for choirs who have never read music before, an optional “Before We Begin” chapter opens the book. And it’s all neatly laid out in a 96-page octavo sized publication; a perfect fit for your students, and their folders. Includes a full-length Performance Piece to measure and celebrate your choir’s sight-singing progress, and then perform in concert. From whole notes to sixteenth-note patterns, seconds to sevenths, key signatures, dynamics, articulations, and tempo markings; it’s all here, and it’s all logically ordered to ensure student success! Spend just a few minutes a day with this book and your choir, too, will learn to “Sing at First Sight!”

An Interactive Storybook About the Inventor of Music Notation

By Maritza Mascarenhas Sadowsky

Long before the lines and spaces, the flags and beams, music had to be memorized because there was no way to write it down. That is, until clever Guido came along! Learn how this Medieval monk laid the groundwork for the system of music notation that we use today. This true story is told with beautiful illustrations and age-appropriate vocabulary, which can be read from the screen or heard by clicking the listen icon. Embedded audio plays period music, whimsical sound effects, and a professionally voiced narration. As you scroll through each interactive page, be sure to click highlighted elements to watch the story come to life. This interactive resource works on both individual computers and interactive whiteboards, and is PC and Mac compatible. Recommended for all ages.

Rhythm: One on One

By Stephen F. Moore and Julia Schnebly-Black

Teachers who experience Dalcroze Eurhythmics at workshops become motivated to share the experience with their students but are often unsure how to translate Dalcroze principles from group work into one-on-one activities. The authors saw this genuine need and wrote *Rhythm: One on One* to answer the question: "How do I use Eurhythmics with only one?"
