## AMPV NUMBERS

In Suzuki Teacher Training, it is important to have the most recent version of the books. In order to allow a teacher to know if they are purchasing the latest edition of a book, AMPV numbers are now on the title page of newer or updated Suzuki method books. AMPV stands for Alfred Music Publishing Version and is followed by a number, such as 1.0. New print volumes now include this AMPV number above the copyright. This applies to volumes printed, corrected, or revised since 2010 but not to earlier books. The number will change only when corrections are made to a volume. Not all books will have a number and if they do not it means that no changes have been made to the volume since 2010. This list is provided to allow teachers to know which books have AMPV numbers and to know the current number for a particular volume. If a book is not listed here, that means that the book has not been changed since 2010. This applies only to books, not to recordings.
