HANDEL, GEORGE FRIDERIC (1685–1759)

The solo requirements specified below conform to the Handel Gesellschaft Edition. Handel's oratorios often designate roles, as in operas, and while the number of roles may total ten or more, doubling by today's soloists in concert performances may reduce the actual solo requirements to four or five voices. Also, Handel solo parts originally assigned to male sopranos and male altos are now frequently sung by tenors and baritones.
