Student Instrumental Course: Duets (Piano Acc. Book to be used with Duets Level I, for Flutes, Clarinets, Alto Saxophones, Cornets and Trombones)

By Robert Giralmo

The *Belwin Student Instrumental Course* is a course for individual instruction and class instruction of like instruments, at three levels, for all band instruments. Each book is complete in itself, but all books are correlated with each other. Although each book can be used separately, all supplementary books should be used as companion books with the method.

Trios for All

By Albert Stoutamire and Kenneth Henderson

A variety of combinations of instruments can play trios with these books. With the exception of the basses, any three like-instruments such as three flutes, three clarinets, three cornets, three trombones, three bassoons, and so on can play together in three-part harmony. Numerous mixed-instruments such as violin, trumpet, and tuba also may perform all of the trios in these books. Basses must play the bottom line only, but the music is arranged so that they have the melody from time to time. Any number of instrumentalists may play together in three-part harmony. Thus, directors can rehearse the music with large ensembles an assign trios of players or groups of players to practice and perform together.
