### So You Want to Learn to Improvise?

By Andrew Higgins

*So You Want to Learn to Improvise?* offers teachers and students a step-by-step guide to improvising at the piano. The objective is to free students from the "tyranny" of notation, setting them free to explore music on their own terms. Most lapsed pianists who return to the piano in later life cite "just playing whatever I feel like" as being the one quality they aspire to, and this book offers them that opportunity.

## OPERAS AND OPERETTAS

### Thomas Adès

#### Powder Her Face

An Opera in Two Acts

Thomas Adès and Philip Hensher's dazzlingly precocious chamber opera *Powder Her Face* propelled its composer to international attention after its premiere in 1995 and remains one of the most frequently performed British operas of the last two decades.

Charting the glamorous rise and seedy fall of the notorious socialite beauty Margaret, Duchess of Argyll, the score is as witty, poignant, and memorable as the "Dirty Duchess" herself, paying homage to the popular idioms of cabaret and tango, as well as to Weill, Berg, and Stravinsky.

By Nathaniel Gunod, L. C. Harnsberger, and Ron Manus

*Mandolin Chord Encyclopedia* is a practical, easy-to-use chord dictionary. Chords are listed alphabetically and chromatically for quick reference. On each page, chord variations (different fingerings and positions of each chord) are arranged in a logical order—beginning at the bottom of the mandolin neck and progressing to the top of the neck. This helps facilitate locating the chords in different positions over the entire fretboard. This book gives you everything you need to expand your ever-growing chord vocabulary and also helps you understand chord theory and construction.

#### Just for Two: Short Melodic Duets, Volume 1

Arr. James Zingara

The material in these duets have been taken from a variety of public domain sources including vocal duets and instrumental works for strings, horns, flutes and even bagpipes(!); composers represent both the well-known and the quite obscure.

The difficulty level of these duets ranges from quite easy to intermediate with the emphasis of relatively simple melodies in which shaping, phrasing and intonation are the primary challenges.

### The Essential Jazz Harmony Book For All Instrumentalists and Arrangers

In order to improvise and compose in the idiom, a basic understanding of this harmony—how chords move and connect with each other—is essential. In this book, noted author and educator Dan Haerle explains all the fundamental chord/scale theory and harmony you need to know. At the end of the book are voicings to over 20 standard chord progressions so that you can clearly see and hear how the various rules apply in real-world situations. Written for all musicians. No keyboard skills are required, but knowing the names of the notes on a keyboard will be helpful. 88 pages.

### 16 Moderately Challenging Jazz Solos

By Walt Weiskopf

From the popular performer and composer, here are 16 solos based on well-known standards designed to improve your time, melodic sense, and harmonic awareness. They sound like "real" solos because they were designed the way real soloists think and play. Chord changes are written above each measure, allowing instant analysis of how and why a particular lick or pattern sounds great. Tempos are moderate to moderate-fast, so they are very approachable for intermediate level players.

### Searching for the King

Arr. and orch. David T. Clydesdale, drama by Walter L. Black

This musical juxtaposes one of the Magi (Mordecai) as he follows the Star of Bethlehem, with Benjamin, a soldier stationed in the Middle East 2,000 years later who is looking up at the same stars. They are both searching for the truth, and they both find it at the foot of the manger. The musical requires only six actors (three male and three female) and features an engaging scene for children's choir as well as a thrilling mix of new songs and beloved carols. A detailed production manual and optional DVD will ensure that *Searching for the King* will deliver the heart of Christmas to your congregation and community.
