95 Dexterity Exercises for Recorders in F

By G. Rooda

It is most interesting to know that nowadays the recorder has more admirers than ever before. Especially the treble recorder is most suited to be played in the home circle. There exists a lot of music for this particular instrument already, mainly of the period from Bach to Mozart. The works of the great masters during the above mentioned period, such as Bach, Handel, Telemann, Mattheson, etc., require a high technical proficiency. The object of this booklet is to familiarize the player with this technical proficiency, by means of special exercises.
